Current

Nashville Software School: Nashville Software School

10/2014 – 3/2015

Honed front- and back-end development skills through an intensive six-month training curriculum. Developed web and desktop applications utilizing multiple programming languages and frameworks. Collaborated on team projects to craft application development goals and actionable task assignments to ensure project completion. Utilized industry best practices, including version control and TDD in the creation of applications.

| • AngularJS | • HTML | • CSS | • Bootstrap |
| • Sass | • C# | • ASP.NET MVC | • WPF |
| • XAML | • TDD | • BDD | • Github |
| • Mocha | • Chai | • Qunit | • Gimp |

Projects

Tennessee Congressional District Finder: <https://congressmanfinder.firebaseio.com>

Web application that enables users to identify their congressional representatives by address. Site provides a district representative's political profile, biography, and contact information and enables users to access district population demographics and geographical data. Application was created using Angular, Bootstrap, and Gimp.

Quit Map: <https://github.com/luetucker28/CigaretteCessationWebApp>

ASP.NET and Angular application designed to help users quit smoking. Users create a personalized reduction plan based on their current cigarette consumption per day and desired weekly reduction rate and compare their actual consumption to their goal.

Prior Professional Experience

Community Options

2013 - 2014

Residential Coordinator: Ensured quality delivery of residential services to 27 clients via direct supervision of administrative staff and 150 caregivers.

MillarRich

2010 - 2013

Supported Employment Director: Designed, created, and administrated the agency's Supported Employment Program.

Quality Assurance: Collaborated with other agency administrators to ensure the fulfillment of agency outcomes.

The Loveland Center

2008 - 2010

Supported Living Director: Managed supported-living staff to ensure safe, enriching, and industry-compliant care for individuals with developmental disabilities living semi-independently.
